 WYLIE CHURCHILL-DAVIDSON: *A practice of anaesthesia*, 4th edn, 379  
 Yearbook of Anesthesia, 1978, 925  
 Brachial plexus block (Hillman), 83 (c)  
 inter-scalene, in asthmatic patient (Lim), 370 (c)  
 Brain see Cerebral  
 Bronchoscopy, anaesthesia for (Bethune & Collis), 210 (c)  
 methohexitone and etomidate for (McIntosh, Lumley, Morgan & Stradling), 239  
 Bryn Thomas Memorial Library 728  
 National Inventory of Historical Anaesthetic Apparatus (Foster & Ellis), 902; (c) (McLellan), 903 (c)  
 Bupivacaine, continuous epidural infusion in labour (Evans & Carrie), 310  
 epidural, in labour, comparison with 2-chloroprocaine (Allen & Johnson), 839  
 hyperbaric, in spinal analgesia (Goodison & Josyala), 375 (c)

## Bupivacaine (cont.)

- in spinal subarachnoid anaesthesia (Farrar, Nolte & Meyer), 396 (ab)
- intrapartum, effect on neonatal respiration (Wiener, Hogg & Rosen), 996
- intravenous, in regional analgesia (Ware), 231; (Wildsmith, Scott & Brown), 919 (c); (Ware), 920 (c)
- tachyphylaxis in continuous epidural anaesthesia with (Wüst, Liebau & Richter), 397 (ab)
- 0.125% in obstetric analgesia (Wilson, Hoonacker & Trench), 116 (ab)

## Buprenorphine, sublingual, analgesic effects (Edge, Cooper &amp; Morgan), 463

- sublingual, in relief of postoperative pain (Fry), 549

## Butorphanol, respiratory effects (Kallos &amp; Caruso), 633

## Burma revisited (Mitchell), 811

## Caesarean section, awareness during (Notcutt), 212 (c); (Farnsworth), 213 (c)

- extension of labour epidural analgesia for (Milne, Dalrymple, Allison & Lawson), 992

- hypotension during spinal analgesia during, influence on infant outcome (Corke, Datta, Alper & Ostheimer), 116 (ab)

- lumbar extradural analgesia for (Downing), 118 (ab)

- premedication (Crawford), 892

- reduction of amnesia awareness during (Tunstall), 316; 671 (c)

## Cannula, intramuscular, protective sleeve for (Gilston), 917 (c)

## Cannulation of internal jugular vein, heart arrest after complication of (Ohlgisser, Kaufman, Taitelman, Burszttein &amp; Birkhan), 1035

## Cape 'Minor' ventilator and the circle absorber system (Jeal), 679 (c)

## Carcinoid syndrome, anaesthesia in (Mason), 391 (c); (Kleine, Khouw &amp; Heeres), 674 (c)

- valve replacement in, anaesthetic management (Nielsen & Manners), 494

Cardiac *see* Heart

## Carotid body tumour resection, anaesthesia for (Wrig'it, Pandya &amp; Noel), 806

## Catheter, Swan-Ganz, for pulmonary artery, complications (Shaw), 651

## Caudal analgesia after circumcision, comparison with intramuscular morphine (Lunn), 552

- block in children (Armitage), 396 (ab)

## Central Committee for Hospital Medical Services, Anaesthetists' Sub-committee, 113, 414, 719, 950

## Cerebral function monitor (Savege, Dubois &amp; Frank), 400 (ab)

- monitor, alternative electrodes for (Macmillan & Marshall), 684 (c)

## Chest radiography, routine pre-operative (Ainley-Walker), 686 (c)

## Chloroprocaine: editorial (Johnson), 837

## 2-Chloroprocaine, epidural in labour, comparison with bupivacaine (Allen &amp; Johnson), 839

- subarachnoid injection during epidural analgesia (Allen & Johnson), 874

## Chromosome changes in anaesthetists (Cain), 718 (ab)

## Cimetidine in first stage of labour (Dundee, McGowan &amp; Moore), 118 (ab)

- safety in obstetrical patients (McGowan), 716 (ab)

## Cinchocaine in spinal analgesia (Rollason), 375 (c)

## Circle absorber disconnections (Binning), 377 (c)

- hazards (Derbyshire), 88 (c)

## Circuit absorber system, Cape 'Minor' ventilator and (Jeal), 679 (c)

## Circuits and systems: editorial (Boulton), 605

## Circumcision, caudal analgesia and intramuscular morphine after, comparison (Lunn), 552

## Clobazam, clinical and biochemical evaluation (Walters, Pearce &amp; Hanks), 444

## College of Anaesthetists (Hughes), 367 (c); (Hunter), 368 (c); (Grogano, Malcolm-Smith &amp; Paterson), 594 (c)

- Attitudes in the Oxford region (Mitchell & Ward), 901 (c)

## Communication, me, you and them (Norman), 921 (c)

- use of words (Adams), 594 (c)

## Computer-assisted learning in teaching of anaesthesia (Kenney &amp; Schmulian), 159

- assisted patient monitoring (Blackburn), 399 (ab)

- tomography and anaesthesia (Nott), 81 (c)

- towards programmed anaesthesia (Mapleson), 163

- see also* Micro-computer

## Connector, valved-Y-Cardiff (Rosen &amp; Williams), 882

## Coronary artery surgery, beta-adrenoceptor antagonism during anaesthesia (Manners &amp; Walters), 3

## Courses in anaesthesia, 129, 737

## Crossword, solution, 1978, 107; prize, 1978, 227; 1979, 1061

## Dantrolene, pre-operative, effect on action of suxamethonium (Collier), 152

## Day case anaesthesia and memory (Ogg, Fischer, Bethune &amp; Collis), 784

- surgery blueprint (Burn), 790

- under general anaesthesia in a purpose built unit (Routh), 809

## Death associated with anaesthesia: editorial (Lunn), 229

Dental anaesthesia, pollution in outpatient surgery; symposium, 419 (ab)  
 survey of services available to outpatients (Dinsdale), 418 (ab)  
 teaching of (Young), 954 (ab)  
 outpatients, resuscitation (Thornton), 953 (ab)  
 general anaesthesia in: editorial (Boulton), 523  
 surgery, anaesthetic pollution in (Parbrook & Davis), 47  
 surgery, posture in the dental chair (Young), 952 (ab)  
*see also* Paediatric

Dentistry, advanced conservation, under general anaesthesia. I. The anaesthetist (Greenan), 954 (ab); II. The dental surgeon (Renshaw), 955 (ab)  
 outpatient conservative, pentazocine supplementation to diazepam and local analgesia for sedation (Corrall, Strunin, Ward, Mason & Alcalay), 855

Diathermy hazard, clinical diagnosis (Chapman), 684 (c)

Diving, physiological problems (Hanson), 718 (ab)

Domperidone, anti-emetic action (Wilson & Dundee), 765

Driving after anaesthesia (Cundy), 1056  
 fitness, medical aspects (Vickers & Baskett), 378

Dysrhythmia, ventricular, after Swan-Ganz pulmonary catheterisation, prevention (Shaw), 651

postoperative, after circumcision, comparison of caudal analgesia and intramuscular morphine in (Lunn), 552  
 local analgesia for (Spence), 395 (ab)  
 patterns, use of continuous epidural analgesia in postoperative period (Gjessing & Tomlin), 624  
 review (Uting & Smith), 320

sublingual buprenorphine and intramuscular papaveretum in, comparison (Fry), 549

relief in labour with transcutaneous nerve stimulation (Robson), 357; (Stewart), 361  
*see also* Backache

Pancuronium, influence on nitroprusside on duration of action (Graham & Walts), 1005  
 reversal with edrophonium (Bevan), 614

Papaveretum, accidental intra-arterial injection during anaesthesia (Michel & Adams), 491  
 intramuscular, for relief of postoperative pain (Fry), 549

Paracervical block during labour, neurobehavioural response of infants after (Nesheim, Janssen, Lindback & Storm-Mathisen), 115 (ab)

Patient fitness for anaesthesia, assessment by questionnaire (Wilson, Baskett, Bennett & Williams), 397 (ab)  
 identification (Bowen), 213 (c)  
 monitoring, computer-assisted (Blackburn), 399 (ab)

Pentazocine with diazepam and local analgesia for sedation in outpatient conservative dentistry (Corrall, Strunin, Ward, Mason & Alcalay), 855

Peridural analgesia, lumbar and caudal, comparison in obstetrics (Nolte, Meyer, Fotescu & Tambaki), 116 (ab)

Peritoneal closure, suxamethonium for (Young), 714 (ab)

Pethidine, respiratory effects (Kallos & Caruso), 633

Phaeochromocytoma, anaesthesia in (Stöckel), 391 (ab)

Phenol, subarachnoid blockade, complication (Holland & Youssef), 260

Phenylbutazone self-poisoning treated by charcoal haemoperfusion (Strong, Wilson, Douglas & Coppel), 1038

Piped medical gas supply, development and present position of British Standards (Robinson), 66; (Thompson *et al.*), 369 (c)

Pollution, anaesthetic, in the dental out-patient surgery (Parbrook & Davis), 47  
 of the dentist's surgery: symposium 419 (ab)  
 control in theatre, evaluation of passive system (Lack), 77 (c)  
 of operating theatres: statement by Association of Anaesthetists of Great Britain and Ireland, 102; 823; (Bateman), 823 (c); (Burns), 823 (c)

Venturi principle for scavenging anaesthetic gases (Brinkløv, Andersen & Waaben), 373 (c)

Posture in the dental chair (Young), 952 (ab)  
 lateral tilt, blood pressure measurement during (Mankowitz), 84 (c)

Prehospital care, immediate (Baskett & Boulton), 989

Premedication, anticholinergic, volume and pH of gastric contents after (Mirakhur, Reid & Elliott), 453  
 for elective Caesarean section (Crawford), 892

Prenalterol, cardiovascular effect in normal man (Scott), 716 (ab)

Procaine as continuous lumbar epidural technique in labour, (Hunton), 274

Proteinosis, alveolar, pulmonary lavage in (Bradfield & Maynard), 1032

Pseudotetanus (Stoddart), 877

Psychiatric help for the sick doctor (Baskett), 288 (c)

Pulmonary *see* Lung

Quinine poisoning, stellate ganglion block for (Robertson & Raman), 1041

Quiz questions and answers, 104, 217, 226, 290, 296, 388, 440, 594; 603, 708, 752, 825, 835, 939, 986

Respiration, neonatal, effects of intrapartum bupivacaine, pethidine and pethidine reversed by naloxone on (Woener, Hogg & Rosen), 996

Respiratory failure, IPPB and hypercapnia in, effect of different concentrations of inspired oxygen on arterial blood gas tension (Starke, Webber & Branthwaite), 283; *erratum*, 607

Resuscitation of dental outpatients (Thornton), 953 (ab)

Review articles:

- Accidental hypothermia (Coniam), 250
- Amniotic fluid embolism (Morgan), 20; (Thompson), 673 (c)

# CONTENTS

NUMBER 1, JANUARY 1979

## EDITORIAL

Our Faculty and our College

*T. B. Boulton*

1

## ORIGINAL ARTICLES

Beta-adrenoceptor blockade and anaesthesia Beta-adrenoceptor antagonism during anaesthesia for coronary artery surgery

*J. M. Manners & F. J. M. Walters*

3

Neuromuscular blocking potency of fazadinium in man

*Y. Hashimoto, T. Shima, S. Matsukawa & M. Satou*

10

Dural dimpling in the dog

*A. R. Aitkenhead, A. P. Hothersall, D. G. Gilmour & I. McA. Ledingham*

14

## REVIEW ARTICLE

Amniotic fluid embolism

*M. Morgan*

20

## CASE REPORTS

Amniotic fluid embolism. A report of three cases

*Jean Lumley, Ruth Owen & M. Morgan*

33

Prolonged Q-T interval syndrome

*J. Wig, I. M. Bali, R. G. Singh, R. N. Kataria & H. N. Khattri*

37

Malignant hyperthermia susceptibility. Management during pregnancy and labour

*Sheila M. Willats*

41

## APPARATUS

Anaesthetic pollution in the dental out-patient surgery

*G. D. Parbrook & Paul D. Davis*

47

## FORUM

Anaesthesia for microsurgery of the larynx using a carbon dioxide laser

*G. Vourc'h, M. L. Tannieres & G. Freche*

53

The current practice of endobronchial intubation

*J. C. Pappin*

57

## CONGRESS

Sixth European Congress of Anaesthesiology London 1982

65

## STANDARDS

A continuing saga of piped medical gas supply

*John S. Robinson*

66

## NUMBER 10, NOVEMBER/DECEMBER 1979

<b>EDITORIAL—Immediate prehospital care</b>	
<i>P. F. Baskett and T. B. Boulton</i>	989

**ORIGINAL ARTICLES**

The extension of labour epidural analgesia for Caesarean section  
*M. K. Milne, D. G. Dalrymple, R. Allison and J. I. Lawson* 992

Neonatal respiration, feeding and neurobehavioural state. Effects of intrapartum bupivacaine, pethidine reversed by naloxone  
*P. C. Wiener, M. I. Hogg & M. Rosen* 996

Nitroprusside and the duration of tubocurarine and pancuronium  
*C. W. Graham and L. F. Walts* 1005

Multiple choice questions for assessment of primary FFA Course students  
*M. M. Kamel & I. C. Geddes* 1010

**CASE REPORTS**

Acute amphetamine abuse. Problems during general anaesthesia for neurosurgery  
*Rosalind Michel and A. P. Adams* 1016

Bilateral vocal cord paralysis. Bilateral vocal cord paralysis following anterior cervical fusion  
*Louis Jacobson* 1020

Ablation of the brachial plexus. Control of intractable pain, due to a pathological fracture of the humerus  
*R. S. Neill* 1024

Nasal continuous positive airway pressure in the treatment of whooping cough  
*D. Theilade* 1028

Pulmonary lavage in a case of alveolar proteinosis. The value of continuous display oxygen-haemoglobin saturation using ear-oximetry  
*H. G. C. Bradfield and J. P. Maynard* 1032

Cardiac arrest following a complication of internal jugular vein cannulation  
*M. Ohlgisser, T. Kaufman, U. Taitelman, S. Bursztein and J. H. Birkhan* 1035

Phenylbutazone self-poisoning by charcoal haemoperfusion  
*J. E. Strong, J. Wilson, J. F. Douglas and D. L. Coppel* 1038

Quinine poisoning. An unusual indication for stellate ganglion blockade  
*D. H. Robertson & K. R. Kothandra Raman* 1041

**APPARATUS**

The hygroscopic condenser humidifier. A new device for general use in anaesthesia and intensive care  
*A. Gedeon & C. Meblus* 1043

A water-insensitive ventilator alarm  
*P. Hommelgaard and T. Nissen* 1048

**FORUM**

Coarctation in children. Controlled hypotension using labetalol and halothane  
*Susan E. F. Jones* 1052

**SPECIAL COMMUNICATION**

Medical aspects of fitness to drive  
*J. F. Cundy* 1056

**CORRESPONDENCE**
